Coding Experience

Prop Sked (www.propsked.ca)

Late 2021 – March 2022

- Allows tenants to easily schedule showings without contacting landlords.
- Used **HTML, CSS3, Bootstrap 5, JS, Node, Express, MongoDB, MySQL**.

Yelp Camp (www.yelpcamp.ca)

2021

- Practise project to build a campsite display website with photos and reviews.
- Used **HTML, CSS3, Bootstrap 4, JS, jQuery, Node, Express, MongoDB**.

Other Project

- Created and implemented web scraper (for personal use) to get immediate notice of availability and price drops of specified products. Used **Python, MySQL**.

Work Experience

Fuse PM (Property Manager)

January 2017 – January 2022

- Online marketing, renting of properties, leases, and all technical/coding matters, managing ~200 units.
- Co-designed and built company website with **WordPress**.
- Used **VBA** in Microsoft Outlook to auto-reply with dynamic messages to prospect inquiries based on specific criteria.
- Used **Python** to create an automated ad re-listing program of rental properties.
- Saved countless hours of company time spent on replying to over 50,000 applicants individually and re-listing ads daily.

Century 21 (Real Estate Agent)

July 2019 – December 2020

- Created a semi-automated system, allowing interested parties without agents to schedule showings using **Active Campaign** and **WordPress**.
- Designed and built a client prospecting website (Strategic Investments - no longer functional) with **WordPress** for myself and my partner.
- Used **Excel VBA** to create an advanced rental property investment calculator to aid in client presentations.
- Using these systems, helped sell and sold/rented out over \$5,000,000 worth of real estate

Skills

Technologies Used

HTML5, CSS3, JS (ES6), jQuery, Bootstrap 4 and 5, Node, Express, MySQL, MongoDB, Cloudinary, NPM Packages such as AJAX, EJS, and Passport, GitHub, VS Code

Other Skills & Traits

- Written Languages: English and Russian
- Other Software: Adobe Photoshop, Premiere Pro, Microsoft Office
- Ready to learn any new coding languages and software needed for the job
- Active listener
- Self-starter
- Team player
- Great time management.
- Strong critical thinking skills

Education

- (2021) Colt Steele's Front/Back End **Web Developer Bootcamp**
- (2016) – **Ryerson University**: Graduated with Bachelor of Commerce Degree - Finance Major and Law Minor
